

RETAIL CLEANING SERVICES

Fluid Hygiene provides nationwide retail cleaning services at competitive rates. We have experience in all areas of retail and pride ourselves on a history of satisfied clients in this sector. Our client portfolio includes supermarkets, high street shops, retail parks and car showrooms.

A SMART & PROFESSIONAL CLEANING SERVICE

Any retail manager knows the importance of a spotlessly clean shop floor. Shop fronts and other public areas are under constant scrutiny from customers and many businesses invest heavily in fixtures and fittings, which need regular attention to look their best.

At Fluid, our retail cleaning teams are coordinated by team leaders who use the latest technologies to monitor performance and ensure that our service meets the highest standards.

Our cleaning operatives wear branded uniforms for a professional appearance, and work quickly and discreetly so there is minimal disruption if cleaning must be carried out during trading hours.

WE CLEAN, YOU SELL

By working with Fluid you can have confidence that the cleanliness of your store is being managed professionally and cost-effectively, leaving you free to focus on your core responsibilities. If you have special requirements for the cleaning of your retail premises then we can take these into account and tailor our retail cleaning services to your needs.

Our services for retail outlets:

- Daily Contract Cleaning
- High Level Cleaning
- Plant Room Cleaning

“ FLUID’S MONITORING PROCEDURES MEAN A CONSISTENT AND RELIABLE STANDARD OF CLEANLINESS IS MAINTAINED THROUGHOUT THE STORE, DAY AFTER DAY. IT’S ONE LESS THING FOR ME TO WORRY ABOUT ”
